In 2019, we launched our first 3 month dance training program, Training Program by DUTI. It is a dance program like no other!

Training Program by DUTI is carefully designed to focus solely on dance techniques, elevating the quality of movement in dancers.

Training Program by DUTI will work heavily on the foundations of dance, from street to technical disciplines, training from

the inside out.

Ultimately the Training Program by DUTI is about LONGEVITY. We have carefully selected dance educators who will give an abundance of information to your body.

Each student will also receive 3 Months of UNLIMITED classes at DUTI STUDIOS while in the program and a DUTI Hoodie, Long Sleeve Tee or T-Shirt.
